

## *Weekly Notes March 13, 2025*

### *Office Notes*

#### **Lost & Found:**

Missing something? Contact Ms. Jamie to view our Lost & Found! Remember to always label items with your child's name so we can make sure items go home with the right person.

#### **Bug Spray & Sunscreen Reminder:**

The warm weather of Spring is here! If you prefer your child use bug spray and/or sunscreen this time of year we kindly ask that it be applied prior to dropping off your child in the morning. If your child is enrolled in our Late Stay program and you wish for bug spray and/or sunscreen to be reapplied for the afternoon hours, please send these items (clearly labeled with your child's name) in to the Office. Please note that we will not apply bug spray and/or sunscreen to your child unless you have sent these items in clearly labeled with your child's name.

#### **St. Patrick's Day Party/Game Night & Sleepover:**

It's time again for another MSOR Party & Sleepover! Join us this Friday, March 14th for our St. Patrick's Day Party & Sleepover, hosted by the Adolescent/Secondary students and their parents.

Please submit payment and sign-up form to the Office prior to the event.

Please see below for the official flyer and sign-up form.

Don't forget to wear green, and we look forward to seeing your child there!

Snacks and Breakfast will be provided.

THINGS TO BRING:

- Sleeping Bag
- Pajamas
- Toothbrush/toiletries
- Change of clothes for the next day

## *Ms. Ginny's & Ms. Kelly's Toddler Class*

We have been busy learning all about the farm. Yesterday, we had a lesson on the life cycle of a chicken. We learned how the chicken starts as an egg; the hen keeps the egg warm by sitting on it; then the chicken uses its hard beak to crack the egg from the inside and hatch! We were able to bring this to life by seeing and feeling real chicken eggs and even petting some real baby chicks! Thank you to the Edwards family for sharing your four chicks with our class. We even practiced being mama hens and sitting on our eggs to keep them warm.

Reminder that our in-house field trip is next Friday, March 21. We will welcome the farm to our school and we get to bring all that we've been learning about to our fingertips. Our students will be able to pet farm animals like chicks, bunnies, baby horses, and goats.

We want to also welcome Ms. Stephanie to our class. She has graciously volunteered to assist in our room while Mrs. Ginny is away on leave. As many of you know, Mrs. Ginny will be having a procedure next Tuesday, March 18<sup>th</sup> and will be on medical leave for 6 weeks. We are praying for a successful procedure and an easy recovery!

## *Ms. Shannon's, Ms. Kristin's, & Ms. LaKosta's Toddler Class*

We are continuing with our farm unit this week. This week, we have been talking about the life cycle of the chicken. We used our figurines to show the stages. Ms. Kristin brought us some farm fresh chicken and duck eggs to study. It got a little tricky talking about why some eggs would turn into chickens and why these eggs were okay to eat 😊.

Speaking of, thank you to Campbell's family for bringing some fluffy baby chicks to visit our classroom today! The students loved getting to see the baby chicks up close and learn more about the beginning stage of the growth cycle of a chicken.

Thank you all for your help with the seed lesson last week. They were so engaged in exploring all the seeds, vegetables, fruits, and flowers. We are going to plant a mini garden with our strawberry plants and a few of the seeds by the upper elementary building. We will go over a few at a time to tend it during our recess time.

I have taken over the library duty for our class. You can keep the books until Wednesday each week. We will exchange them on Thursdays. I hope this will help out on Fridays since there are so many things to bring home on that day. We will try this out starting next week.

Thank you for making time to meet with me about your children. They have grown so much this year! I appreciate your support and the trust that you place in me to educate your children.

### *Ms. Angie's & Ms. Karabeth's Primary Class*

I hope everyone is enjoying this beautiful weather. The children love recess time because it is so nice outside. Reminder to dress your child in layers due to it being cooler in the morning and warming up throughout the day. Thanks to all for the parent/ teacher conferences. We enjoyed sharing your child's accomplishments with you.

### *Ms. Ortrud's & Ms. Rana's Primary Class*

Spring is off to a great start!

Thanks to all who attended our recent Parent/Teacher conferences. We enjoyed being able to share your child's progress with you.

The warmer weather is a reminder to switch out your child's change of clothing with seasonally appropriate items. Your child's cold weather change of clothing will be sent home when we receive the warm weather change of clothing.

Have a great week!

### *Lower Elementary Class*

Parents,

This week, the Science Fair Procedures page is due.

You will need to purchase a large (cardboard or foam) tri-fold board to display projects for the Science Fair before the 21st. All pages posted on the boards will need to be handwritten by students so it's a good idea to start early and do a little bit at a time.

Our 4-H trip to Rock Eagle has been scheduled for April 29-30. We will have a mandatory parent meeting about this outing on Tuesday, March 25<sup>th</sup> at 5:30.

Have a good week,

Ms. Robin and Ms. Maggie
