or a personalized book for **\$30.00** through **May 15, 2026**

Ms. Ginny's, Ms. Stephanie's, & Ms. Gracie's Toddler Class

What a fun day talking about St. Patrick's Day and those sneaky little leprechauns! They even turned our milk green!!

We are enjoying learning about the different zoo animals and look forward to our field trip a week from Friday!

This weather is really having a hard time deciding what it wants to do, but if jackets are needed, please have them labeled with your child's name.

If you have any questions about anything, please message me.

Ms. Shannon's, Ms. Kristin's & Ms. Kelly's Toddler Class

Happy St. Patrick's Day! Today, Louie the Leprechaun paid a visit to our classroom and left quite a mess! There were shamrocks, green scarves, and gold coins everywhere! The children did a great job finding them all. Louie also turned our soap and milk green. The big surprise was a gold coin hidden in their slippers! We had a great day!

We also made our rainbow snack today. Thank you all for sending in the ingredients. They worked really hard on them and enjoyed eating them! Putting the icing on the cracker was a great spreading practice. We also got to discuss sweet and sour. The rainbows were very sour!

The weather can't seem to make up its mind. Please make sure to check the weather when dressing your child in the morning. Our recess time is from 10-11. It can still be quite chilly. It's that time of year when layers are a great choice!

We are so excited about our Zoo trip next Friday! The kids love this unit. This week, we learned that both giraffes and elephants have the same family names. Males are bulls, females are cows, and babies are calves. They loved learning about how giraffes eat the leaves with their long, black tongues and the many uses of the elephant's trunk.

Ms. Angie's & Ms. Kelly's Primary Class

We are accomplishing so much in class. The children are working on mastery of previous lessons. We celebrated St. Patrick's Day with a sweet treat and a shamrock hunt. We also have been working on experiments to get excited about SCIENCE FAIR!! The science fair is next Tuesday from 5:30-7:00pm. We would love to see everyone there to enjoy learning.

Our Tellus Museum field trip is Friday, March 27th. We will meet everyone there at 9:30. The MSOR Easter Egg hunt is Friday, April 3rd at 10:30.

Ms. Ortrud's & Ms. Rana's Primary Class

Thank you to all who have turned in your payments for our field trip to the Tellus Science Museum on Friday, March 27th! We are looking forward to spending the day together.

Mark your calendar for our Elementary Science Fair on March 31st, as well as our Primary Easter Egg Hunt on Friday, April 3rd at 10:30am. Spring Break will take place April 6th-10th.

Have a wonderful week!

Ms. Robin's Lower Elementary Class

Parents,

We had a fun, chilly 4-H trip last week. Students enjoyed the classes, the exercise, spending time with friends, and going through the cafeteria line. A few were not prepared for the colder weather, but we all survived. Thank you so much to Ammani, Bryce, Dee, and Ms. Maggie's parents for volunteering to chaperone. I hope that you made some special memories with your children.

The math homework packet is due on Wednesday; science fair observations may be turned in as soon as they are completed but are due by Thursday. Lower Elementary classes will not receive any homework this week as they finish up science fair pages for their boards. This is the time to have your child rewrite pages that may need corrections, or to hand write things that parents have written for them.

Junior Great Books groups met today and all students have a new story to read at home with parents. Please make sure that they return the books on Wednesday.

Have a great week. I hope that it feels like spring before it arrives on Friday!

Ms. Robin

Ms. Maggie's Lower Elementary Class

Good afternoon,

The 4-H trip was a success. Thank you again to our chaperones! The students really enjoyed the classes, cabins, and cafeteria.

JGB books are going home today. Please read the story and return them on Wednesday. 1st Year Students: "Caps For Sale"

No homework this week. Please use this time to rewrite Science Fair pages if needed. Handwriting should be neat and double check spelling. The Observations page for Science Fair is due on Thursday, March 19th. If you need any extra Science Fair pages for your board, please let me know.

Ms. Maggie
