Dear Ms. Kumar:

I want to express my thanks and appreciation to you for giving me the opportunity to speak on May 5 to your students at the Montessori School of Rome. Although I know that the purpose of the meeting was centered on preparing your students for their upcoming trip to Costa Rica, I found the meeting personally rewarding in so many ways. I was impressed by the maturity and thoughtfulness of your students as well as their intellectual curiosity.

Please express to your students my deep appreciation for their framed artwork which will be a lasting memento of a very special day.

With warmest regards,

Jere W. Morehead
President
