Ms. Ginny's Tuesday notes

We are enjoying our studies on insects and gardening! There is so much to learn and so many interesting facts about insects. Our caterpillars are now beautiful butterflies. The children are in awe 😊.

There is a correction to the April newsletter. We will be going to the Chattanooga Aquarium on May 18, not the zoo. We will send out more information on this closer to time, but each child must have an adult with them, so make your plans now!

April 20 is Special Person/Gardening Day. This can be anytime from drop off until 10:00. You will need to bring flowers to plant on the patio. They will also have a special snack and make a craft together. We will also have a sign-up sheet for other things we might would need or like that day.

We are continuing with our insect studies this week. We are having a great time! We went on a bug hunt on Friday in the memory garden. The kids are fascinated and so excited finding bugs under rocks and spiderwebs. Get out and explore with them! If however, your child comes home like Jamesen and tells you that "Ms. Shannon is so sick of those ants.", it's a little out of context! While out exploring we found a huge ant hill. I was telling them that we couldn't kick it, or the ants would come out and they may bite us. I told them it would make me sick because I'm allergic to them. 😊

Thank you to Lelia, Liam's mom, for making pizzas with us yesterday. The kids had so much fun! There was flour everywhere! They pounded the dough with a lot of gusto!! If you forgot, please send in your \$3 to help cover the costs.

We will celebrate Banks' 3rd birthday on Friday. His family will be providing lunch. Thanks to the Barton family!

Hello,

Classroom reminders:

- Please label everything. (Water bottles, jackets, lunch containers) We are getting a pile of jackets and we have no idea who they belong to!
- Please make sure your child is at school before 8:25am. When the children walk in at 8:30am, we are not able to start the day on time.
- Special person's day will be on **Friday, April 20th**. The children will get to invite someone who is special to them. This could be a mom, dad, grandparent, aunt, uncle, family friend, neighbor, or even a babysitter. It will be in the morning, and their special person can spend

as long as they want. (This could be 20 minutes to even an hour.) The child and their special person will plant a flower together, make a craft together, and enjoy a snack together. Their special person can come in any time before 10:30am. Each student will need to bring in a flower that they will get to plant with their special person. Please be on the lookout for a sign-up sheet for some things we need for our patio.

Please let us know who your child's special person is, so we know who to be on the lookout for them, and please let us know if your child is going home with their special person.

-Our class outing to the zoo is on **Friday, April 27th**. Please remember that each child will need to have a ride to the zoo. I have just sent them an email to confirm all the details, so I will be able to tell you all the details by the end of the week. If for some reason you and your child can not join us, please let us know.

-May 1st- May Day/ Mother's Day Celebration

The program will start at 8:30am.

-The program should last about 30 minutes and then plan on staying so that you may enjoy cookies and lemonade with your precious one. This is a beautiful celebration that we look forward to each year.

If your child has a summer birthday and you would like to celebrate before the end of the school year, please send me an email so we can set up a day.

Thank you,

Ana Maria
