We are enjoying our zoo animal studies. Today we discussed why animals have fur and how they camouflage to hide from their predators. We also talked about boa constrictors today. The song we sang is, "The Boa Constrictor Song" by Peter, Paul, and Mommy and you can find it on YouTube.

Thank you to everyone who has signed up for a conference time. If you have not done so then please take care of that as soon as possible. I sent a link in one of my previous emails.

Please review the handbook about lunches. We have had several children bring cheese sticks, grapes, carrots, and chocolate. These are not permitted per our handbook.

It's getting a little chilly on some mornings. If you would like to, you can send in some fall clothes for their cubbies. They could also use a jacket on some mornings. Our recess time is at 8:30.

## *Ms. Valerie and Ms. Christina's Class*

Hello,

We hope everyone enjoyed the beautiful weather this weekend. We really enjoyed talking to the Egyptian teacher on Friday. She showed us a popular dish that is made in Egypt and the children got to ask her different questions. They asked how the pyramids were built, what is the weather like there, what season is it, what animals live in the red sea, and what are they learning about in school. She would like to zoom the children from the pyramids in the future!

We learned about the Ocean layers last week. The children loved doing the ocean layer experiment. If you would like to try the experiment at home, here is the link <https://www.icanteachmychild.com/make-ocean-zones-jar/>

**Ask your child:**

Can you name the layers of the Ocean?

What layer do most of the animals live in?

What layer of the Ocean do plants grow in?

Can you describe the trench zone?

We will continue to learn about the ocean this week and we will also learn about the apple life cycle and the parts of an apple. If anyone would like to bring in some apple cider for snack time, we would greatly appreciate it!

**Friendly Reminders:**

As the weather begins to cool down, please make sure your child's jacket is labeled with your child's name.

Please make sure your child enters the school building with their mask already on.

Please bring library bags and books back on Mondays

Warm Regards,

Students are settling in and working diligently. We have been busy with lessons and this week we are researching the Mesozoic Era. The children are getting excited about their Historical Timeline characters. They should all be reading their biographies at home with parents. Please have them read the books multiple times. It is very beneficial for them to hear you read it aloud as well. They often remember better when listening, especially beginning readers. It's a good idea to pause and discuss facts and anecdotes from the books that they might want to use in their speeches. Costume plans are due this Thursday, 9/30. Also, if a language homework book comes home with your child, they should complete the next lesson in the book. I apologize for not making that clear on Friday. Several parents have returned the questionnaire/goal setting forms that were sent home last week. Please return this completed form by Thursday with the homework; they are helpful for conference planning. New links for Google Classroom were sent to new parents' emails over the weekend. Please follow the links and sign up for a parent-teacher conference. Thank you all for your assistance as we navigate through this year together.
